

MC Personnel Environmental Policy

MC Personnel Limited is committed to promote positive action against climate change and minimising the impact of its activities on the environment.

The key points of its strategy to achieve this are:

- ✓ MC Personnel acknowledges that it has a responsibility to minimise waste by evaluating operations and ensuring they are as efficient as possible.
- ✓ MC Personnel will endeavor to utilize recycled materials in our business and encourage our customers to do likewise.
- ✓ MC Personnel is constantly striving towards a paperless office and is dedicated to electronic devices of communication and retaining computerized data where legally permitted.
- ✓ All lighting and non-essential electrical equipment will be switched off when not used at night and on the weekends.
- ✓ The recycling of waste is constantly adhered to where possible.
- ✓ Printer cartridges will be returned to our photocopier/printer provider for re-cycling.
- ✓ General office waste will be collected and disposed of in the appropriate bags provided by the local authority.
- ✓ Our workforce will be encouraged to car share, walk or cycle to and from their place of work.
- ✓ MC Personnel encourages that its customers take climate control seriously and maintain a sense of responsibility and best practice with environmental issues.
